

COMBIMAX FR FEATURES

With an efficient compression ratio waste compactors are highly efficient alternatives to waste skips. **Compaction force 35 t.**

Easy-to-use, mobile waste compactor with a large feed opening. Even the largest cardboard boxes can be fed effortlessly without unnecessary folding.

The floating roof structure provides extra space for waste to be easily removed when emptied.

Ideal for dry waste, especially cardboard.

Robust structure. Designed and manufactured for **versatile conditions.**

Quiet operation sound.

SMART 5G

- Automatic pick-up request
- Remote maintenance
- Filling prediction
- Additional emptying request

Built-in **SMART-technology** guarantees the energy efficiency of the waste compactor. CombiMax FR uses **less electricity** than traditional waste compactors.
