

# COMBIMAX XL FEATURES

With an **efficient compression ratio** waste compactors are highly efficient alternatives to waste skips. **Compaction force 35 t.**

An easy-to-use and efficient waste compactor equipped with an **extra large feed opening**, ideal for compressing large cardboard boxes. **The spacious service door** for the cylinder compartment provides effortless access to maintenance points. The compactor unit is attached to the container.

**Quiet** operating sound.

**Strong structure.** Designed and manufactured for **northern climate conditions.**

### SMART 5G

- Automatic pick-up request
- Remote maintenance
- Filling prediction
- Additional emptying request

**Built-in SMART-technology** guarantees the **energy efficiency** of the waste compactor. CombiMax XL uses less electricity than traditional waste compactors.

**Safety standard  
EN 16486**
