

# BIN PRESS BP-660

The BP-660 Bin Press reduces waste volume by up to 50–70%. At the same time, it decreases the number of waste bins needed and frees up valuable space for other purposes.

It is compatible with 600, 660, 700 and 1100-liter waste bins and significantly lowers waste management costs by reducing the frequency of emptying.

Note: The waste bin is not included in the standard equipment.

**Waste types:** plastic, cardboard, energy waste, and mixed waste

**Applications:** grocery stores, restaurants, hotels, service stations, whole sale businesses, and production facilities
